

Adoption Application

The following information is requested to assist you with your selection of a new pet. The animal's welfare is our foremost consideration. This process is designed to help us determine if the adoption is in the animals best interest, and to assist you in finding an animal most compatible with your lifestyle. The animals available for adoption came here from a variety of sources. All animals are examined upon entry, and their health is routinely monitored while at the Adoption Center but there is always a chance that an animal is incubating a disease without showing any clinical signs. Any adopted animals are the sole responsibility of the adopter.

IN ORDER TO BE CONSIDERED AS AN ADOPTER TODAY YOU MUST:

- Be at least 18 years of age
- Have knowledge and consent of all adults living in your home
- Have written consent from parents and/or landlord
- Have verifiable identification showing present address
- Be able and willing to spend time and money necessary to provide training, medical treatment, and proper care for a pet.
- Understand that OCHS has the right to deny or accept your application
- Realize that although we will give your application full consideration, we do not adopt on a first come first serve basis. The animal will go to the family that will provide the best home for this particular animal.
